WHAT IS THE MASTERY BASED LEARNING ASSESSMENT (MBLA)?

Mastery Based Learning is not a specific course or experience, however every high school student across the state of Connecticut will be asked to engage in activities that support their obtaining a 1.0 credit in MBLA. This credit is required in order to graduate from THS. The credit will be awarded through each student's work and participation in (a) advisory sessions, (b) across academic classes and (c) work/civic related experiences outside of school.

Today, each sophomore at Trumbull High School will work toward a portion of obtaining this MBLA credit (1.0). We are asking that each student please take the time to thoroughly complete the activity.
